CIVIL WAR RAGES AT NIKOLAIIEFF SCORES BEING KILLED OR WOUNDED

Worse Outbreak is Now Feared in Odessa Though Quiet Reigns at Present

ANOTHER MANIFESTO ISSUED BY THE CZAR

Casualties at Warsaw are Numerous and Disorders in Moscow are Serious—Finland Practically Independent —Attacking Jews at Odessa—French Financiers are Worried.

St. Petersburg, Nov. 2.—Advices from points of the empire today are not encouraging. They show a continuance of fighting and disorders with attendant bloodshed and pillaging. This city seems to be the single exception where the situation is improved. At Odessa, Moscow, Warsaw, Nikolaiieff, Kieff, Sevastopol and other large centers there has been a continuance of the disturbances. Rioting has even become more general at several points. Dispatches from Finland show the revolutionary spirit is gaining ground but is not accompanied with disorders or fighting as the troops have sided with the people to a great extent. Dispatches from Helsingfors declare that Finland today is in a state of practical independence with the governmental machinery in the hands of the people.

Odessa is the scene of the greatest disorder. The street riots continued there throughout the day and night. The rough element is practically in control of the town. The Jews have been made the object of attacks. Fighting and fighting have resulted in casualties placed as high as 500 killed and 1500 wounded.

London, Nov. 2.—The correspondent of the Evening News at Nikolaiieff, Russia, in a dispatch to his paper, wires today:

"Civil war is raging here. Scores have been killed and wounded. Over 200 bombs have been thrown and the town is an inferno of death and tumult.

"All the shops have been destroyed after being looted by the criminal classes. The respectable classes are at the mercy of the mob, which it is believed have been instigated by the police.

"Many houses have been broken into, and the offices of the radical journal, 'Southern Review,' were sacked. Firing is continuing incessantly and ambulances filled with the killed, wounded and mutilated are passing constantly."

CZAR'S NEW MANIFESTO.

St. Petersburg, Nov. 2.—A manifesto was issued by the Czar posted this afternoon, calling on the people to support the government so that the new regime may be successfully inaugurated and explaining that if they fail to do this, responsibility for whatever may happen will rest on them and not on the government.

WORSE OUTBREAK FEARED.

Odessa, Nov. 2.—(Noon).—The city is quieter now, but from the present trend of affairs it is feared that an even worse outbreak may follow. Drinking is being indulged in freely and the mobs, made worse by liquor, may resume the pillaging and killing of Jews. Every one is drinking champagne in celebration of the dawning of the "new era."

The rejoicing is tending in the direction of a great orgy and it is feared that this will culminate in the mob again becoming rampant and making another attack on the Jews.

CASUALTIES AT WARSAW.

Warsaw, Nov. 2.—10:30 a. m.—Last night was given over to a demonstration by the people, which lasted until day break and culminated in a clash with the troops in which there were many casualties. Throughout the night the people marched through the streets singing revolutionary songs. Twenty-five persons were killed by the volleys and 150 others were wounded.

SELF GOVERNMENT DEMANDED FOR POLAND.

Warsaw, Nov. 2.—(Bulletin).—The agitation here has progressed to the point where the revolutionaries are

now demanding self-government for Poland.

DISORDERS AT MOSCOW.

London, Nov. 2.—A dispatch to the Central News from St. Petersburg today says serious disorders have occurred at Moscow today, where street fighting occurred between Nationalists and Socialists.

FINLAND INDEPENDENT.

Helsingfors, Nov. 2.—Finland today is practically independent. Advices received from all parts of the country state that citizens' committees are in control of the government. Affairs are being conducted quietly.

ATTACKING THE JEWS.

Odessa, Nov. 2.—9 a. m.—The desultory fighting which continued throughout the night was resumed again this morning. The rough element is forcing the fighting by attacking the Jews.

"FINANCIERS ARE WORRIED."

London, Nov. 2.—Financiers are greatly worried over the Russian situation and the gravest fears are entertained that unless quiet is restored soon a panic may develop in Paris which may affect the money markets of the world.

(Continued on Page 7, Col. 1.)

ODESSA CONFLICTS

Firing All Night in Outskirts of the Town—Hundreds Killed or Wounded.

Odessa, Nov. 2.—There was firing all night in the outskirts of the town, resulting in the killing or wounding of hundreds of persons. Mobs composed of thousands took possession of the principal streets, and it is feared that everything has been looted. All the stores are closed and business is completely suspended. The greatest animosity is displayed against the Jews, and it is reported that the secret service police are inciting the mobs.

WITH NATIVES

Germans in Southwest Africa Have a Battle Which Lasted Several Hours—The Casualties.

Berlin, Nov. 2.—An official dispatch from German Southwest Africa says that Lieutenant General Von Trotha, the commander-in-chief of the forces, in personal command of a detachment, recently attacked an entrenched force of rebellious natives on the Orange river, east of Hartbeestmond, under command of Morengo. Moris and Christian. The fighting lasted several hours, until midnight. Three German officers and 13 men were killed and three officers and 31 men were wounded, and five are missing. The rebels, who lost heavily, drew off during the night. The troops were too exhausted to follow them.

PROPOSES COMPROMISE.

Constantinople, Nov. 2.—The Porte is preparing a note to the powers proposing a compromise plan for the reform of Macedonian finances to be substituted for the scheme of international control suggested by them.

CHOATE FOR JEROME

Staunch Republican Ex-Ambassador to England Seeks for Independent Candidate.

New York, Nov. 2.—Jos. H. Choate, a staunch Republican and ex-ambassador to England, made a telling speech last night in support of District Attorney Jerome. He gave this original definition of a political boss: "A creature who, by the use of his influence, is able to secure the election of a candidate."

who feeds his greedy followers upon the political garbage gathered from the official flesh pots and swill pails." Mr. Choate raised a storm of applause when he said he had been asked by the Republican leaders to take the stump for the ticket, but had turned them down because of Boss Odell keeping Jerome's name off, saying, "Why, I can't do that. I'm all for Jerome, and you've left Jerome off the ticket."

PLEASURE TRIP

Cut Short by the Wife, Who Swallowed Deadly Acid and Then Informed Her Husband.

Charleston, W. Va., Nov. 2.—Mrs. W. A. Spencer, wife of the treasurer for the Colling Lumber company, of Elkhurst, committed suicide in her room in a hotel in this city last night by swallowing carbolic acid. She and her husband came from Elkhurst yesterday. She was en route to San Francisco to visit relatives. After supper she went to her room and Spencer went to the office of the company in this city. When he returned to the hotel she informed him she had taken the acid. Physicians were called, but notwithstanding their efforts she died.

MOTORMAN MAY BE MURDERED

C. H. ROGERS DISAPPEARED SOON AFTER MIDDLETOWN CRIME WAS DONE.

Suspicion of Suicide, But Many Think
the Man is Hiding in the
Woods.

Middletown, N. Y., Nov. 2.—Assistant District Attorney Rogers announced that sufficient evidence had been secured to convict Charles Henry Rogers of this city of the murder of Fred and Willis Olney and Alice Ingerick and the murderous assault on Mrs. Georgia Ingerick, mother of the girl. Rogers, who was a motorman on the electric road here, disappeared soon after the murders. He is also charged with issuing worthless checks about the time of the murder, and a reward of \$1,000 recently was offered for his arrest on the charge of grand larceny. There is a suspicion that Rogers committed suicide soon after he disappeared, but many believe he is hiding in the woods not many miles from here.

Devlin's Insurance.

Topeka, Kan., Nov. 2.—C. J. Devlin, at the time of his failure in July, carried \$1,271,500 in life insurance. Of this amount \$81,000 has since been allowed to lapse, \$67,000 was turned over to recover J. T. Bradley of the failed First National bank and the remaining \$483,500 is in policies payable to Mrs. Devlin and the children, which can be legally assigned. The policies assigned to Receiver Bradley have all been kept fully paid up, and settlements from the companies are expected at an early date.

Struck a Cow.

Paris, Tex., Nov. 2.—As the south-bound Frisco flyer due here at 3:30 p. m. was coming down a long hill near Compton, Tex., the engine struck a cow and turned over. Engineer Mike Popp was instantly killed. Fireman Payne jumped, but was severely crippled and scalded by escaping steam. The baggage car and a chair car were turned over, but no one else was hurt.

Sawmill Destroyed.

Baltimore, Nov. 2.—Fire totally destroyed the Mount Clare sawmill of the Baltimore and Ohio railroad, with contents, consisting of much valuable machinery and pine, oak and hickory lumber in process of manufacture. The loss will reach \$100,000 or more. Eighty-five men are employed in this shop.

Whaling Vessels Locked in Ice.

San Francisco, Nov. 2.—Eleven whaling vessels comprising almost the entire fleet which sailed from this city have been caught in the Arctic ocean. They will not be able to get out until next July or August and in the meantime their crews of 400 men must face the hard lips of a winter in the north. This startling news is conveyed in a telegram to Lewis Anderson and Ford & Company of this city. The telegram comes from Captain H. H. Bodfish of the steamer William Baylies, and states that only this vessel and the schooner Monticore were able to escape.

GOV. FOLK

Begins a Whirlwind Tour of Ohio in Interest of Pattison

SPEAKS AT SEVERAL PLACES ONLY NATIONAL LEADER BROUGHT INTO STATE BY DEMOCRATS

Campaign Just Closing Has Been One of the Liveliest in History of Buckeye State.

Cleveland, O., Nov. 2.—Governor Folk of Missouri, reformer and champion of good government, today commenced a whirlwind tour of Ohio in a special train. He is to speak at several places in the state, in the interests of good government and against political corruption. He is the only national leader to be brought into the state by the Democrats in opposition to Secretary of War Taft, who recently spoke for the Republicans and denounced George B. Cox, and Secretary of the Treasury Shaw, who has endorsed the Republican cause. Vice President Fairbanks also spoke at the campaign opening. The campaign just closing has been one of the liveliest in the history of the state.

The issues, in the main, are the domination of Governor Herrick, who seeks re-election, by Cox, and opposition to him by the anti-saloon league. John M. Pattison stands on an antipolitical graft and good government campaign plea. A feature of the campaign has been the bolting of the Republican ticket by many representative men, including congressmen, editors and prominent officeholders.

CAPT. LYON GREET'S FOLK AT XENIA

FORMER NEWARK EDITOR WAS LIEUTENANT GOVERNOR UN- DER FORAKER.

Missouri Leader Arrives in Ohio for Two Day Fight Against Boss Cox.

Xenia, O., Nov. 2.—Governor Folk of Missouri, who whipped the St. Louis bosses, has come to Ohio to join in a two days fight against Cox. Governor Folk arrived here today about noon. "I have come to help," he said to the delegation at the station. The crowd roared their applause. No arrangements have been made for a speech here. A special suburban car brought the welcome committee from Springfield. Mayor Bowls headed the delegation. Gov. Folk was driven from the station to the waiting special and started for Springfield at once. Governor Folk addressed a mass meeting there at 2 p. m. There was the first speech of the two days' crusade against the Ohio Boss. He speaks in Cincinnati tonight, in Cleveland Friday.

W. C. Lyon of Xenia, lieutenant governor under Governor Foraker, the latter a negro, were killed by an explosion in the power house of the Potomac Electric company and George Tumble, William Hall and Luther B. were injured.

MASSACRE CONFIRMED.

New York, Nov. 2.—New York headquarters of the Presbyterian Missions today received a cablegram from Canton saying: "Lun Chau station attacked. Mrs. Macie, Amy Pratt, Mrs. Peale, killed. Macie Patterson safe. Building destroyed." This confirms yesterday's reports.

Looted by Police.

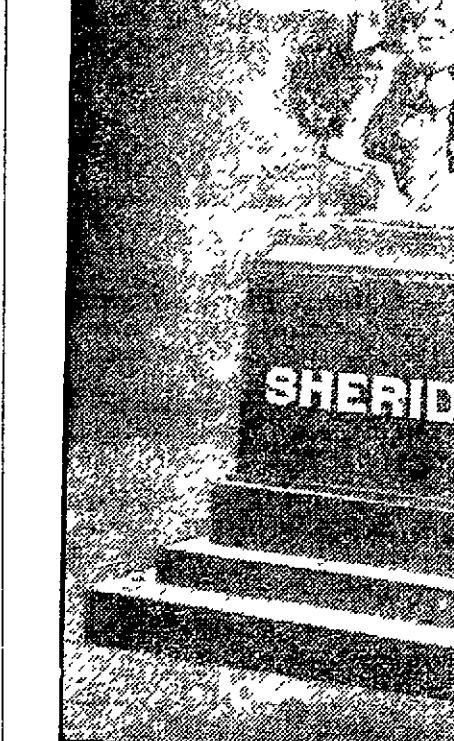

Kazan, Nov. 2.—Further details of the massacre increase the feeling of horror which it has aroused here. The police and Cossacks were seen without authority and leave in the people in the market street, in front of the assize court. School children were among the killed. During the night after the massacre people had to shelter in their homes. Cossacks and police broke into and looted a number of stores. Kolya Jeweler, who tried to prevent them from entering his establishment, was threatened by a captain with death. The fatalities were larger than at the massacre.

CASHIER'S NOTE TO HIS WIFE

CLARK WROTE LETTER A FEW HOURS BEFORE HE KILLED HIMSELF.

Declares That He Had Been Shamefully Bled and Prison Stared Him in the Face.

Pittsburg, Nov. 2.—A few hours before he killed himself, T. Lee Clark, cashier of the Enterprise National bank of Allegheny, wrote the following note to his wife: "In ten hours or less I will be in the other world. You have been a dear, good wife to me. Andrews has worked my ruin. Dear wife, keep all the insurance for yourself and babies. How hard it is to leave you all! I have made a desperate effort to keep things going until I would get the road financed, but it has been too slow. The examiner is here and I am ruined. I have been shamefully robbed. The bank will get everything but the life insurance. Your husband Lee."

Lee Clark, the deceased cashier, was treasurer of the Santa Fe Central railroad, of which W. H. Andrews was president. This road is in New Mexico and is about 117 miles long running from Santa Fe to Torrance, with a branch now projected to Albuquerque. The road connects at Santa Fe with the Denver and Rio Grande, and at Torrance with the Atchafalaya and Santa Fe and at Torrance with the El Paso and Northern cross.

PRESIDENT HAS REFUSED HERRICK

Mr. Roosevelt Will Go to Oyster Bay on Next Tuesday to Vote—Only Part He Will Take.

Washington, Nov. 2.—President Roosevelt has been asked to endorse Republican candidate for Mayor Ivis in New York and has refused, saying he cannot interfere in local contests. He has also pointedly refused to help Governor Herrick in Ohio, Senator Lodge's candidate for governor in Massachusetts, and the "anti-gang" candidate in Philadelphia and Pennsylvania. He will go to Oyster Bay to vote. That is the only part he will take in the election.

REBATES

Necessary Says Santa Fe General Manager Because Her Competi- tors Were Granting Them.

Washington, Nov. 2.—Admitting that rebates are given to shippers in the California fruit service by practically all private car lines, I. S. Leads, general manager of the Santa Fe re-frigerator service, declared the inquiry being conducted by the interstate commerce commission to be a "red herring" and a "hoax." He said that the rebates were granted by the Santa Fe and not by the other lines.

FIVE ARE INJURED

By Explosion in a Power House of the Potomac Electric Company in City of Washington.

Washington, Nov. 2.—William White and Abraham Wintley, the latter a negro, were killed by an explosion in the power house of the Potomac Electric company and George Tumble, William Hall and Luther B. were injured. The accident occurred at the Potomac Electric company power house, which is situated on the Potomac river, near the city of Washington.

AGAINST UNION.

Damage Suit Instituted Because of a Sympathetic Strike.

Chicago, Nov. 2.—The American Bridge company has instituted a damage suit against the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers and Erectors, claiming \$100,000 in damages for a sympathetic strike. The suit was filed in the federal court at Chicago.

PRISONER'S BREAK

Wild Scene Created in Murder Trial When Prisoner Jumped at City Physician Scherck.

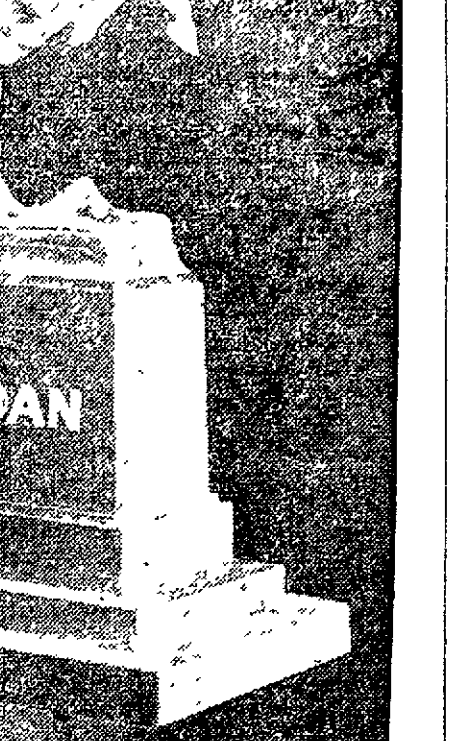

St. Louis, Nov. 2.—A wild scene was created in the criminal court when Joseph W. Gray on trial for murder suddenly sprang at City Physician Scherck, who was sitting next to him. Gray was immediately restrained by the guards.

Tonight at the Central Church of Christ the Brotherhood of I. C. A. will be addressed by Rev. Joseph Bennett, pastor of the Fifth street Baptist church. His subject will be "Citizens of the Kingdom." All men of the congregation and their friends are invited. Meeting will open at 7:30.

No Affidavits Filed.

No affidavits have yet been filed in the local courts against the two Newark women under arrest in Columbus charged with shoplifting. It is probable that the cases against the women in which Newark merchants were the victims, will not be prosecuted on account of the small value of the goods secured.

Squire Holton's Sale.

Ex-County Commissioner W. F. Holton held a public sale at his home in Mary Ann township on Thursday, which was largely attended, and was a great success. Squire Holton will remove to Newark and engage in the retail meat business in the North End, with Charles Danielson. It will make a strong firm and will doubtless succeed.

Modern Woodmen Meeting.

Cedar Camp No. 4727, Modern Woodmen of America, held its regular meeting on Wednesday night with a good attendance of the members and an interesting session was had. Two candidates were adopted into the camp, and Brother O'Hara treated to the smokes. Everybody is looking forward with interest to the spelling match to be held on Wednesday evening of next week.

Burned by Gas Explosion.

Harry Armstrong, a young man employed at Mead's Laundry, was badly burned about the face and head on Thursday while at work at the laundry. Armstrong has been running the engine for several weeks, and was endeavoring to repair a leak about the engine when an explosion of gas followed. Dr. Warden attended the injured man. He was able to go to his home on Canal street.

Old Fashioned Spelling.

The committee on entertainment of Cedar Camp No. 4727, Modern Woodmen of America, has decided to give an old fashioned spelling match at the regular meeting of Cedar Camp on next Wednesday night. A prize of \$5 in money will be given to the best speller, who spells all the other contestants down, and the \$2 prize will be given to the second best speller. In order to give all neighbors an equal chance professional men will be barred from the contest. Neighbor J. D. Simkins, superintendent of the Newark public schools, will give out the words. Get out your spelling books and dictionaries. Neighbors, and turn out in full force Wednesday night, for the best speller will be given the prizes.

Tonight, at Granville Ernest Gamble Concert Co. Reserved seats 35c. Take 7 o'clock car.

OUR TRIUMPH ABROAD

All Europe Bows to Us, Says Congressman Moon.

AMERICAN SUCCESS MUCH ADMIRER

Delegate to International Peace Congress at Brussels Says Supremacy of the "American Idea" of Arbitration Relates This Nation High in the Eyes of the Powers.

"Europe is bowing in submission to the fact that America is king."

In this sentence his European impressions were summed up by Congressman Reuben O. Moon, who recently returned to his home in Philadelphia from a three months' trip abroad as a member of the American group at the international parliamentary peace congress held in Brussels on Aug. 25 and 29, says the Philadelphia Public Ledger.

Congressman Moon also interviewed Pope Pius X. and King Leopold of Belgium, both of whom were complimentary to America.

"Step by step, with ever increasing wonder and admiration, Europe has watched our enormous commerce, our industrial progress, our Philippine undertaking, our Panama task and President Roosevelt's crowning success as a peacemaker. Things American have swept across Europe and filled it with admiration until it has become a European byphrase that anything is possible in America."

"The news of the president's success in bringing about peace came as a wonderful climax to our international congress on the eve of its adjournment."

What is now known all over the world as the 'American Idea' was the most prominent feature of the international congress. All other deliberations dwelt into insignificance in comparison with the discussions of the American idea. This was especially brought home to me by interviews I had with Pope Pius X. and King Leopold of Belgium. They both alluded to the 'American Idea.'

"Last year in St. Louis the American idea first took shape in the resolutions recommending, first, a general arbitration treaty which would give the Hague court a jurisdiction, and second, that delegates be elected or appointed to an international congress with power to make laws for the Hague court to enforce within its jurisdiction."

"It was in Brussels, where the peace congress met, that I met with the most interesting experiences. I had an interview with King Leopold which lasted for more than half an hour, and during that time I was enabled to learn at first hand what really thinks of America. The king is one of the most delightful gentlemen I have ever met. He is a trained linguist and speaks English perfectly."

"Everything which the king said to me was a compliment to America. He expressed the greatest admiration for President Roosevelt and said: 'Your president is one of the most remarkable men of the age, and I watch everything that he does with deepest admiration. I have his picture, with his autograph, hanging in my room, where I can see it every moment. He is an inspiration.'

"The king said he thought the American people were the most marvelous of the age. 'They are great, they are strong, they are factors in every art and science, and they must be considered in every great movement that is undertaken by the nations.' As a matter of fact, the same thought was expressed everywhere we went through the capitals of Europe. Everywhere it was asked: 'What does America think? What will America do?'

"The argument of the American group at the international congress was this: The Hague court, as it exists only by common courtesy, has no jurisdiction and no laws. 'Now, then,' said the Americans to the Europeans, 'you have started this, and you have arrived at a point where you must take one step further and give the Hague court jurisdiction and laws or let it die of inanition.' Our idea, however, was so radical, so fundamental, that the European nations said it was simply impossible, absolutely revolutionary."

"But Richard Bartholdt, chairman of the American group, had worked out and presented the basis for our general arbitration idea in such masterly detail that it not only challenged admiration, but also met most effectively all objections."

"One of the ablest European statesmen, Count Apponyi of Hungary, admitted frankly that Mr. Bartholdt's masterly presentation of the American idea left him no ground for objection. He said he wanted only to add to American progressiveness European caution. The matter, therefore, was referred to a special committee of five, who must report back within three months or before the next Hague conference."

"Then as a climax on the eve of our adjournment came the news of President Roosevelt's wonderful triumph for peace, illustrating most forcibly the supremacy of the American idea of arbitration over the terrors of war. As such the peace news was enthusiastically greeted in the historic Hotel de Ville, where we were all gathered at a ball. The king's hand played 'America' and that night the phrase 'Anything is possible in America' was changed to 'Anything is possible for an American' for the sincere tribute to President Roosevelt as a tribute to all Americans of whom he is taken to be a type."

Facts as to Fitness.

The Advocate has not made and will not make any assault on Mr. Conrad, the Republican candidate for County Treasurer. Vilification and defamation of character are weapons of which the American-Tribune has and can continue to have a complete and welcome monopoly.

"It is no fault of the Advocate when the American-Tribune's mud-slinging attacks on Democratic candidates for office comparison of the qualifications and merits of these men with the candidates for the same offices on the Republican ticket.

It was no fault of the Advocate that the A-T. forced a comparison of the relative qualifications of the two candidates for County Treasurer, both of whom are gentlemen, honest and esteemed citizens.

The taxpayers of Licking county, irrespective of party, know very well that Mr. Holtz's experience in the treasurer's office qualifies him above any man without that experience. They know very well that his experience and personal knowledge of the tax duplicate give him an immense advantage in waiting upon the people on busy days and transacting the business at all times with facility and accuracy. Every taxpayer, every citizen, who transacts business at the treasurer's office appreciates this superior qualification of Mr. Holtz.

These are facts, brought out with double force by the American Tribune's venomous articles, that impress themselves so strongly upon all fair-minded people at this time, convincing them of the superior fitness of gentlemanly, affable, honest "Hammy" Holtz.

The intemperate, disreputable, malicious abuse of Mr. Holtz that has been given such conspicuous prominence in the editorial columns of the American-Tribune can have no other effect than that of increasing the majority by which he will be elected next Tuesday.

FIGURES AND FACTS

A Complete Answer to American-Tribune's Misdemeanors Regarding City Taxation.

The facts and figures, pure and simple, are a complete answer to the American-Tribune's misleading statements regarding Newark city's rate of taxation. The City Council, Board of Public Service, Mayor, or other city officials are in no wise responsible for any increase in the rate of taxation that may have been made by county, township or school board officials. The issue raised by the A-T. pertains exclusively to the rates for city purposes and the records show that no perceptible increase in these rates have been made by the present city officials under the new municipal code, notwithstanding the new system has compelled a large increase in expenditures. The Advocate herewith gives the figures from the record.

Following are the rates of taxation for city purposes in Newark for the years 1903, 1904, 1905 and 1906, the year 1903 being the last year under the old system:

City Tax Levy for 1903.	
	Mills.
General fund	1.4
Street fund	1.2
Fire fund	1.4
Gas and Electric fund	1.2
Sinking fund	3
Marshall and Police fund	1.4
Sanitary fund	1.8
Sewer fund	1.8
Water fund (spec. levy)	2.1
Permanent Encamp. (spec. levy)	1.8
For Paymt. of Sewer Bonds (spec. levy)	1.2
Cemetery fund	1.4
Total	12.1

City Levy for 1904.	
	Mills.
General Purposes	5
Public Health	2
Public Safety	3.8
Public Service	5.5
Private Hospital	3
Sinking Fund	2.7
Total	13.0

Here was an increase of 1-2 mill, 1-10 being for police and 4-10 being for the new fire department in the North End. The items are embraced in the amount for Public Safety.

City Levy for 1905.	
	Mills.
General Purposes	20
Public Safety	3.55
Public Health	60
Public Service	5.35
Private Hospital	30
Sinking Fund	3.00
Total	13.00

City Levy for 1906.	
	Mills.
General Purposes	2.9
Public Safety	3.2
Public Health	1
Public Service	4.5
Private Hospital	3
Sinking Fund	4.0
Total	13.0

The above figures show only an increase of one-half mill for the various city purposes since the establishment of the new municipal code, and this consisted of an increase of 1-10 of a mill for police and 4-10 for the new North End fire department. When the new municipal code was adopted by the Legislature everybody of intelligence knew that it meant a larger increase in the expenditures of the smaller cities of the state.

Yet Newark has met all these increased expenditures, paid all the increased salaries, and carried on all necessary improvements, without raising the city tax rate more than one-half mill on the dollar.

It is an evidence of economy, instead of extravagance, for which the city officials well deserve public praise instead of censure.

QUESTIONS

That Properly Apply to Dr. McCleery, and Not to Mayor Crilly.

Mayor Crilly is said to have "made promises" to the saloon men to be "liberal" in case of his election. This morning the temperance element were said to be rejoicing over the fact that the mayor had given his word to close the saloons tight on Sundays in case he is elected.

Is it possible that the mayor is trying that famous act in political juggling of carrying water on both shoulders?—American-Tribune.

It is unnecessary to state that there is no truth whatever in the above. It is purely an A-T. invention. Mayor Crilly's administration in the past is a sufficient guarantee of the future. But since the A-T. is again propounding questions, will the paper please tell the people what its own candidate, Dr. McCleery, proposes to do in case he should be elected. That

HERE IS THE WHOLE SECRET OF HOSTILITY TO JOHN P. LAMB

While the whole country is ringing with the echoes of public anger at corruption and incapacity brought to light in many of our cities, and to the plaudits of those conspicuous exceptions who by their skill, capacity and honesty have handled the public business as well as private business is usually conducted, we have an example, here in Newark, of the public press, for narrow partisan purposes, repeating the cry of disappointed grafters, in the effort to defeat a man who has put more honesty, efficiency and hours of labor into his office than one in a thousand would or could.

The office of Director of Public Service is to the people the most important office of the city government, most important for the reason that by this Board most of the people's money is expended, and those departments of government most closely affecting the citizens' comfort and convenience are managed.

The present Board has made more improvements to streets by paving and sewerage, has built an entirely new light plant, has made more improvements generally than was ever done in the same space of time in Newark before, and that too, in the face of the fact that many miles of streets were added to the city within the last two years, and has spent less money in doing it than was ever spent in Newark for a corresponding amount of work.

How was it done? By conducting the business of the Board upon the same lines of care, skill and honesty that successful private business receives.

By insisting that the city receive a dollar's worth for every dollar expended. By persistent attention to detail, and fearlessness in dealing with those who work for the city, or sell it materials.

This line of conduct was an innovation in Newark, and did not suit some certain individuals who have grown robust sucking the public treasury. Their graft was shut off—they could not understand an official who could not be bought, bullied or jollied into letting public business slide along in the well greased groove that it formerly had, and they cried out in their wrath, and proceeded to denounce the man they held responsible for such a condition; and John P. Lamb was the man.

Every attack on the policy, or public

paper has criticised Mayor Crilly's policy of clearing the streets of intoxicated men, condemned his action in fining offenders for "plain drunks" and has promised that the Republicans will "remedy" this weakness of his administration. As the record shows that Mayor Crilly has paid into the treasury over FIVE THOUSAND DOLLARS for fines collected, (which is some ten times as much as his Republican predecessor paid in), the evidence of Dr. McCleery's "remedy" will be the payment of LESS MONEY into the treasury for this purpose.

The Advocate has repeatedly called attention to this fact since the A-T. raised the issue and proposed its "remedy," and has respectfully asked Dr. McCleery to define his position and state whether he will or will not collect less fines and pay less money into the city treasury from this source of revenue. The doctor could easily answer the question but he has refused to do so. All efforts to smoke him out on the subject have failed.

Is Dr. McCleery performing the American-Tribune's feat of "carrying water on both shoulders?" Is he what the A-T. terms a "juggler?" Will he come out in the open and state where he stands on the issue raised by his party organ? There are only a few days more left for the Doctor to let the people know before they vote. Will he do so?

Democratic Local Candidates.

The Democratic candidate for Township Trustee is Mr. Joseph R. Anderson, the well known insurance agent. Mr. Anderson is a true blue Democrat, a competent man and deservedly popular with all parties. He is well qualified for the office of trustee and will give general satisfaction to his party and the public.

Mr. D. W. Evans, a well known citizen of the First ward, and popular

acts of Mr. Lamb can be traced to former contractors who had all their own way in Newark. They charged the people what they pleased for the work done, and always presented a neat bill for extras besides. They had no competition. A competitor appeared upon the field; he bid lower for public contracts than the others and got the work. He got it because he agreed to do it for less money; and Mr. Lamb

could not be bought or scared into throwing him down because he was a stranger. This is the whole secret of these men's hostility to Lamb, and they are the authors of every attack that has been made against him.

Thus we have the spectacle of a newspaper rehabilitating the drive of these people in its effort to defeat Lamb, when it knows what it publishes is false.

Is this the Twentieth Century idea of good municipal politics? Everywhere in our broad land the people of the cities and towns are spotting and turning out the corrupt or inefficient officials, and commending and re-electing the capable and honest official, regardless of party division, simply because he is capable and honest.

Are we then to be different, are we, of Newark, to permit an official to be defeated simply because he is honest and efficient, and does his duty, and by such defeat say to every officeholder, be careful not to anger the grafter, never mind the people's money, but don't disturb the fellow who is reaching into the city treasury or he will howl you down, if you desire re-election.

If, on the other hand, you as a citizen and taxpayer approve of an official who does his duty, honestly, faithfully and intelligently, say so by voting for the man who has been singled out for attack simply because he has done so.

If any citizen doubts that Mr. Lamb's performance of the duties of his office has not been wise, honest and economical, let him call at the office of the Board of Public Service. Mr. Lamb has kept a complete set of books which, to the furthestmost cent, accounts for all the money handled by the Board. These books of account tell the whole story. Go and examine them.

W. H. ANDERSON, JR.,
Chairman Democratic Executive Com.
mittee.
Newark, O., Nov. 2, 1905.

with all who know him, is the Democratic candidate for Assessor in that ward. Mr. Evans is well qualified for the position, is a popular hustler and will surely get there.

Mr. Henry Boner, a highly esteemed Democratic citizen of the Second ward, is the Democratic candidate for Assessor in that ward. Mr. Boner is a Newark boy who has lived here all his life and enjoys the confidence and respect of all who know him. He will make a good assessor and he will be triumphantly elected.

Mr. M. R. Scott, who is too well known to need any introduction at our hands, is the Democratic candidate for Assessor in the Third ward. Mr. Scott is a man of unusual intelligence and information, and is thoroughly posted in every way for the duties of assessor, and should be, as he will be, elected by a handsome majority.

DAY'S BUSINESS IN COURT HOUSE

In Common Pleas Court.
The court and jury were engaged Thursday in the trial of the case of Iddo Hamilton vs. J. C. Stone, et al. It is a suit in replevin to determine the right to the possession and title to a lot of hickory lumber. James Flory & Flory, Kibler & Kibler.

The case of David Firestone against George Heim and Doc Kilworth, charged with destroying property belonging to the plaintiff to the value of \$100, has been continued in Squire Lake's court until Nov. 16.

The case of Fred Moline, charged with assaulting H. C. Tomlinson, and threatening to shoot him, was set for trial in Squire Lake's court Thursday afternoon.

Insurance Case.
In the case of B. Frank Barnes vs. The National Marine Provident Association, the defendant has filed his answer to the petition of the plaintiff.

It admits that it entered into a contract with Ira W. Munch whereby it insured Munch against loss of life by accident in the sum of \$750; that said sum was payable to Jacob Munch, father of Ira Munch; that Ira Munch paid all premiums when due; that Ira W. Munch received an injury on May 3, 1905, and that he died on the 4th of May, 1905, as the result of his injuries. It also admits that Jacob Munch, the beneficiary named in the contract of insurance on the 14th of August assigned his right and interest in the contract of insurance to the plaintiff, in this case, but denies all the other allegations.

Defendant says that Ira W. Munch came to his death by reason of unnecessary exposure to obvious risk of injury or danger, and that the injury resulting in his death was caused by his own fault and negligence directly contributing thereto. Wherefore defendant asks to go hence with its costs. Kibler & Kibler and Cummings, McBride and Wolfe, attorneys for the defendant.

Estate Probably Insolvent.
In the matter of Wm. H. Ports, deceased, of Granville, Guy Ports, one of the administrators of the estate, reports that he gave notice in due form of the probable insolvency of the estate of the deceased, and that he has made disposition of the claims on the estate. notices of claims allowed and claims not allowed having been posted.

Taken to State Hospital.
William McKinsey, formerly an employee of the Logan Gas company at Utica, who was adjudged insane Wednesday, was taken to Columbus Thursday by Deputy Sheriff Hindel. Several weeks ago McKinsey, who was working at Utica at the time, came to Newark one night and accidentally fell over a sawbuck, breaking several of his ribs. He was taken to the East Main street Sanitarium, where he rapidly recovered from his injury, but became demented.

Court House Items.
In the case of The International Fence and Fire Proofing company vs. Wm. H. Davis and others, the defendants have filed a motion to require the plaintiff to make its petition more definite and certain. They also ask the court to require the plaintiff to give security for costs for the reason that it is a nonresident of Licking county.

WEDDINGS.

BONHAM-HAYNES.
Mr. Everett E. Bonham, a street car conductor of the North End line, and Miss Bessie N. Haynes, of West Church street, were united in marriage by Rev. H. Newton Miller, at his residence on North Fifth street, Wednesday evening at 6 o'clock. They were accompanied by Miss Myrtle Haynes of Columbus, a sister of the bride. Immediately after the ceremony a wedding supper was served at the home of the bride's brother, Charles Haynes, of West Church street. Later in the evening the happy couple left for Columbus, where they will remain a few days, going the latter part of the week to the home of the groom's parents, Mr. and Mrs. Edward Bonham at Frazeysburg, where a reception will be given them. Upon their return to the city they will be at home to their many friends at 21 North Seventh street, where their home is already furnished. They have the best wishes of a large circle of friends.

DAVIDSON-BELL.
Mr. Albert Edward Davidson and Miss Mary E. Bell, both of Utica, were married at the residence of the Rev. J. A. Selby, D. D., Monday evening.

NEWARK MAN WINS COSHOCTON BRIDE

First Wedding in New Presbyterian Church, Coshocton That of Miss Ridgeway.
Coshocton, O., Nov. 2.—The first wedding to be solemnized in the beautiful new Presbyterian church was the one which united in marriage Miss Sophie Ridgeway and Mr. Frank Salvin. It was performed at 4 o'clock by Rev. Mr. Hamilton and was exceedingly simple in all its details. Immediately afterwards the happy pair left for Newark where a prettily furnished home was waiting for them. The bride was beautifully gowned for the ceremony in plum colored crepe de chine with hat to match. A bevy of friends armed with the traditional rice and old shoes and white ribbons was at the station to see that the happy couple were started on their journey through life in the approved manner and the good wishes which they showered along with the rice are echoed by the many friends of the two young people.

GRANVILLE EVENTS

Wedding of Wilson W. Butt and Miss Lillian Ramsower Wednesday Evening.
Granville, O., Nov. 2.—Mr. Wilson W. Butt and Miss Lillian B. Ramsower, both of Granville, were married Wednesday evening. The ceremony took place at the Presbyterian parsonage, and was performed by Dr. C. L. Work. The newly wedded couple left this morning for Columbus.

The Thimble club, consisting of 12 members, held its first meeting at the home of Mrs. E. J. Dorsey, and a very profitable afternoon was spent.

After a pleasant three weeks' visit with friends here Mrs. G. O. J. Marsh has returned to her home in Cleveland.

Mrs. Jennie Roe has gone to Miami, Fla., where she will spend the winter.

Miss Elizabeth Morris, a charming young lady of Hillsboro, made a short visit with friends here the forepart of the week.

Pierion Inquest at Mt. Vernon.
Mt. Vernon, O., Nov. 2.—At the inquest of Pierion the Kenyon college student, today, Dr. Workman, college physician, testified he believed at first the boy had been tied to the track, but now he thinks that he marks on his ankles and wrists were made by the engine dragging the body along the ties. County Prosecutor Stillwell ordered none but the coroner and witnesses be admitted to the inquest. He declared the case would likely go to the grand jury. Three lengths of clothing with a blood spot on the end of one, cotton and two towels, found under the bridge, are now in possession of the prosecutor.

THE FORECAST FOR NOVEMBER

ALL SORTS OF WEATHER TO BE
ON TAP DECLARES PROF.
HICKS.

General Advice and Caution—Keep
Storms Well in Mind and be Ready
for Severe Weather.

Prof. Hicks prognosticates the fol-
lowing about November weather:

The first storm period, regular: This
period is central on the 6th, extending
from the 4th to the 9th.

Probable results: The last storm
period in October will not wholly have
subsided until the 1st to 2nd of Novem-
ber. After two to four days of
cool, fair and frosty weather, say
about the 5th, the barometer will be-
gin falling in the west and change to
cloudy and warmer will attend the
falling barometer, and autumnal
rains, probably ending in snow, will
pass eastward over the country dur-
ing the 6th, 7th and 8th. The regular
use of barometer and change to much
cooler, clearing weather will follow
closely on the western side of the
storm areas.

The second storm period—reaction-
ary: This period is central on the 11th
to 12th.

Probable results: Change to warm-
er, falling barometer, southerly winds,
growing cloudiness and more autumnal
rains will make their transit from
west to east across the country, on
and touching the 11th and 12th. Watch
for the threatening conditions named
above—conditions that go before all
storms: watch, also, for the change to
colder, with northwesterly winds, ris-
ing barometer, and clearing, freezing
weather at night, sure to follow from
the west after the storms.

The third storm period—regular:
This period is central on the 17th, cov-
ering the 15th to the 19th.

Probable results: About the time of
this period it will be wise to expect
some very decided autumnal storms
and gales. Low barometric pressure,
on any part of land, lake or sea, will
be an unusually sure harbinger of
forceful atmospheric disturbances. We
predict that the north Atlantic, on the
high sea and touching the coasts on
both sides, will be visited by high if
not destructive gales, at this or one of
the remaining periods in November.
If they are to strike at this third storm
period, abundant and timely indica-
tions will appear, to those who are
willing to watch and heed. A Novem-
ber cold wave will follow this period,
covering the north, and affecting ma-
terially weather conditions quite into
the south.

The fourth storm period—reaction-
ary: This period is central on the 22d
and 2d.

Probable results: The disturbance
of this period will begin as early as
the 21st, with falling barometer and
threatening weather. On and about
the 22d and 23d general storms will be
in progress from west to east, with in-
dications good for a continued spell of
very stormy weather for the balance
of the month. If general storms have
not visited land and sea at either of
the last two periods, it may be set-
tled as almost an absolute certainty
that wide and violent disturbance will
appear during the last two periods, and
intensified as to make almost one con-
tinuous time of perturbations.

The fifth storm period—regular:
This period is precipitated by existing
causes, so that it will begin as early
as the 25th and 26th. Normally it

would be central on the 29th and reach
its culmination early in December.
Probable results: A marked change
to warmer, with a low and falling
barometer, will be advancing from the
west by the 26th. General autumnal
rains will quickly follow and march
eastward over the country during the
last four or five days of the month.
Rains will turn to snow and sleet—
look for heavy sleet northward—and
almost a genuine November blizzard
over much of the country.
General advice and caution: Great
inconvenience and much loss are en-
countered very often by not planning
to protect perishable products against
the first real dash of winter. We urge
our readers to keep these closing No-
vember storms well in mind. Gather
and house and cover everything like-
ly to suffer from autumnal storm and
cold.

Terrific Race With Death.
"Death was fast approaching,"
writes Ralph F. Fernandez, of Tampa-
Fla., describing his fearful race with
death, "as a result of liver trouble and
heart disease, which had robbed me of
sleep and of all interest in life. I had
tried many different doctors and sev-
eral medicines, but go no benefit, un-

OBITUARY

FRANK HENDERSHOT.
Mr. Frank Hendershot, who has been
ill with typhoid fever, died at the city
hospital at 8:30 o'clock Thursday
morning.

FREDERICK N. LAYMAN.
The funeral of Frederick N. Layman
aged 30 years, took place at Eden
chapel, October 28. Mr. Layman was
the son of David and Amy Layman and
was one of Licking county's young
school teachers. Until the last year
has lived on a farm. He was married
in 1903 to Maud E. Householder. The
widow, his father, mother, two sisters
and two brothers survive.

EDWARD ROBINSON.
Mr. Edward Robinson, formerly of
Lock, died Monday at his home in
Homer. He was 74 years of age and
leaves a wife and two children. The
funeral was held at 11 o'clock Wed-
nesday morning.

JOS. STEWART'S FUNERAL.
The funeral of the late Joseph Ste-
wart took place from his late residence
in Newark township, four miles north
of the city at 10 o'clock standard time
on Thursday morning. The funeral
was largely attended, as the deceased
was one of the best known and most
highly respected citizens in Licking
county.

JACOB MERCHANT'S FUNERAL.
The funeral of Jacob Merchant will
take place at 2 o'clock Friday after-
noon from the A. M. E. church, the in-
terment being made in Cedar Hill
cemetery.

APPEARING OLD

Acts as a Bar to Profitable Employ-
ment.

You cannot afford to grow old.
In these days of strenuous competition
it is necessary to maintain, as long as
possible ones youthful appearance.

It is impossible to do this without re-
taining a luxuriant growth of hair.

The presence of Dandruff indicates the
presence of a burrowing germ which
lives and thrives on the roots of the
hair until it causes total baldness.

Newbro's Herpicide is the only known
destroyer of this pest, and it is as effec-
tive as it is delightful to use.

Herpicide makes an elegant hair dress-
ing as well as Dandruff cure.

FOOTBALL ACCIDENTS

Startling Record of Gridiron
Fatalities For Five Years.

FORTY-FIVE HAVE BEEN KILLED

Hundreds of Players Have Also Been
Injured During That Time In Plays
Against Which President Roose-
velt Protests—Few Games Played
In Which No One Was Hurt.

That there is good reason for the col-
lege football authorities to eliminate
unnecessary roughness from the game
as advised by President Roosevelt is
shown by the record for only five years.
Forty-five deaths and hundreds of se-
rious injuries is the record during that
time. Hardly a single game has been
played during which it has not been
necessary to carry one or more of the
players from the field. In almost every
instance the death or injury was due
directly to the heavy mass plays
against which President Roosevelt and
the country at large are protesting so
vigorously, says the New York Herald.
To chronicle all the injuries would re-
quire the use of thousands of names,
and even then none would be included
where the hurt was of a less serious
character than the breaking of a collar
bone. The mere spraining of an ankle
is not considered of sufficient impor-
tance to interest anybody except the
individual player and perhaps the par-
ents.

But in the big college games alone
the list of injuries is large enough to
prove interesting, showing, as it does,
ten legs and fourteen collar bones bro-
ken in four years of play for a brief six
weeks each, to say nothing of four
skulls fractured, five spines injured,
four shoulders dislocated and a couple
of broken noses. One player got his
neck broken without its causing his
death.

Of the forty-five who gave their lives
to football nearly every death may be
traced to the "unnecessary roughness"
against which Mr. Roosevelt has pro-
tested. Picked up unconscious from
beneath a mass of other players, it was
generally found the victim had been
kicked in the head or stomach so as to
cause internal injuries or concussion
of the brain, which sooner or later ended
in life.

Sixteen died as a result of internal
injuries, four from broken necks, six
from concussion of the brain, eight
from broken backs, three from paral-
ysis, two from heart failure, one from
lockjaw, one from blood poisoning, due
to a cut received in a game; one from
hemorrhages and two from menin-
gitis, induced by spinal injuries suf-
fered in play.

It is true that the death list includes
the names of none of the players on
the teams of the leaders in football,
but not a season goes by in which the
best trained players are not seriously
hurt. As a rule, the players who are
killed were in minor teams or not
themselves sufficiently hardened to en-
dure the strain of the game.

But those who maintain that the
game is in danger of being buried be-
neath an avalanche of popular disap-
proval have plenty of evidence on
which to argue their point that the
very best players are in constant peril,
if not of their lives at least of receiving
injuries which may weaken them for
life.

Ellis of Harvard, for instance, in
1900 was out after the game with West
Point. De Witt, Princeton's big guard,
had to be taken out of the game for
weeks at a time because of injuries.
Roper and Davis, two of the orange
and black's most promising players,
went out with strained ligaments in
practice play. Perry Hale, Yale's big
fullback in that year, hurt both his
knee and ankle seriously before the big
games were played.

Wiley and Burke of Princeton, two
promising candidates, were put out in
1901 with broken collar bones, and
Mills, Princeton's giant guard, had the
ligaments of his ankle broken in the
Cornell game of 1901. In practice that
year such a seasoned player as Wil-
helmi, Yale's halfback, had to be car-
ried off the field with a wrenched knee
which kept him out of the game for
days, while Soper and Andrews, Yale's
substitute halfback and guard, were
internally injured. After the game
with Harvard De Saules of Yale had
to be taken to a Boston hospital.

Tyndeman and Foote of Cornell were
put out of the game in 1903 with a dis-
located shoulder and a broken nose.
Williams, Carlsle's captain, had his
spine seriously hurt in the game with
Virginia in 1902. Thorpe and Talberts
of Columbia had a collar bone and an-
kle broken in the Yale game of 1903.
Turner of Brooklyn and Lawrence of
Baysboro, two promising candidates
for varsity positions, were put out last
year, one with a strained back and the
other with a dislocated knee. Twitchell
of Hartford, substitute quarterback for
Yale, had his spine badly hurt. Brill,
Harvard's star tackle, had to leave the
line, when he had been depended upon
to hold Hogan, Yale's great tackle, and
an X ray showed that the bones of his
shoulder were shattered.

Already this season Hollenback of
the University of Pennsylvania, a
promising candidate for left end, has
had his leg broken above the ankle.
And all of the big games and most of
the games of lesser importance are yet
to be played.

National Home For Letter Carriers.
Officials of the New York Letter Car-
riers' association announced recently
that a national home for letter carriers
is to be built at Colorado Springs. A
100 acres are adjoining the Union Print-
ers' home has been secured, and the
building will cost \$200,000.

DENISON MEN

Hard at Work For Game at Cleveland
Saturday—Case is Anxious About
Result of Contest.

Granville, O., Nov. 2.—Coach Stan-
ton has been putting the Denison
team through their best paces this
week as much as the weather will per-
mit. An extra effort will be made to
have the team in the best condition
possible for the Case game Saturday
because of its great importance.

Weber, who ran the team so well in
the Kenyon game, is being played at
quarter and Captain Roubush has
been shifted to right halfback. King
will play in Shipp's position in the
Case game. Wilson or Rogers will
take King's place at guard.

The students are enthusiastically
awaiting the game with Case on next
Saturday, and feel that their favorites
have a show of winning. It is not ex-
pected that many can accompany the
team to Cleveland, but the Denison
alumni in the Forest City say that
they will be out in full force.

The result of the game is consid-
ered of vital importance, as the stu-
dents feel that they will have a good
start toward the State championship
if Case is defeated.

From Cleveland comes the following
story: "Denison will prove as hard as
Ohio State unless the men get down
to work this week," said Coach Went-
worth yesterday afternoon, when he
found five of the regulars absent in
the ranks.

After the weeks of steady work and
strain before the State game, the
players have a tendency to loaf and
do not realize that the season is bare-
ly half over. Denison realizes that a
victory over the Science team would
virtually mean the State cham-
pionship, and the Granville men will
play their hardest game.

The Science men are speculating on
the struggle between Eller of Denison
and Welfare. Eller weighs 220, fully
forty pounds more than his opponent,
and he is counted as the best tackle
in Ohio. It will be a battle well worth
watching when these two meet, but, no
Case man believes that Harry Welfare
will get the worst of it.

NEWARK MAN IN THICK OF FIGHT

ALBERT E. TURNER WHO IS NOW
FINANCIAL EDITOR OF THE
NORTH AMERICAN

Was Y. M. C. A. Secretary Here a Few
Years Ago—Hot Campaign in
Philadelphia.

Albert E. Turner, who several years ago was secretary of the Newark Y. M. C. A., and who for a year or more was employed in the Master Mechanic's office in the B. & O. service here, is distinguishing himself in Philadelphia as financial editor of the North American.

Mr. Turner, whose address is 808 Highland avenue, Philadelphia, is a conspicuous figure in the present strenuous campaign in the city of Brotherly Love. It fell to the lot of Mr. Turner and Clarence L. Harper, president of the Philadelphia trust companies, to start the whole rumput in Philadelphia as is given in the September number of World's Work. These two men organized the gas seal fight and together with Cyrus D. Foss Jr., organized the minute men and the city club and all are now officers of the City Party in Philadelphia.

The visit of Governor Folk of Missouri to Philadelphia was under Mr. Turner's general supervision recently.

"De Gang" in Philadelphia has turned to advertising. The Republican organization has just issued a circular which has been given wide publicity, one paragraph of which reads as follows:

"A. E. Turner, active in the city party who was sent to get Folk, LaFollett et al., to speak for the 'Reform' movement, is financial editor of Wamaker's North American."

Philadelphia daily papers are now carrying large advertisements of the Republican party three times a week, half page and full pages being taken to set before the public the arguments of Boss Durham's organization. Only four city officials are to be elected in Philadelphia next Tuesday as the terms of the mayor and council do not expire till next year. A sheriff, coroner and two county commissioners make up the ticket, but the present campaign has gone beyond a contest for these offices and is really a test of strength between the Republican organization under Durham which has been omnipotent in the Quaker City for years and the Democratic or City ticket which is headed by Mayor Weaver and the reform element.

Both sides appear confident and nobody knows what the outcome will be. After the scandal that was bred by the famous gas troubles last summer a thorough political housecleaning was administered to the Philadelphia poll lists and 60,000 names of voters used by the gang were stricken from the rolls as fictitious. These in former campaigns were wielded by the machine. With the machines fictitious voters gone, the campaign is being conducted on its merits and is indeed a hot one. Mr. Turner being in the thickest of the fight.

The gang's expenditure with each paper used aggregates at least \$5,000 a week. The Republican organization is spending \$30,000 in newspaper space and has contracted liberally for bulletin boards, electric signs and posters and also scattering booklets and literature.

This will indicate what a fight the reform party is in. The North American and Evening Telegraph have developed bitter opposition to the Republican organization while the Inquirer and Item are friendly to Durham. The other Philadelphia papers are either with the reformers or remain neutral.

FRAUD ALLEGED

Philadelphia Has Lost Thousands in
Construction of Six Pavilions at
Hospital It is Said.

Philadelphia, Nov. 2.—According to a report made to Mayor Weaver by Bledin Powell, the city architect, the city of Philadelphia has been defrauded out of thousands of dollars in the construction of six pavilions for consumptives on the grounds of the Philadelphia hospital. The pavilions were built before Mr. Powell came into office. In his report of the investigation he has made, the architect says the contract for the building was awarded to Henderson & Company, limited, of this city, and the price paid was \$108,534.

A bee, unladen, will fly 40 miles an hour, but one returning to the hive laden with honey does not travel faster than 12 miles an hour.

The first verse of the Fifty-First Psalm is called the "neck verse," for the reason that in former times a man condemned to death sometimes had a chance to save his life by proving that he could read and write the verse used as a test.

THREE HUNDRED FROM NEWARK

ATTEND UNVEILING OF GEN.
PHIL SHERIDAN MONUMENT
AT SOMERSET.

Grand Army, Spanish War Veterans,
Company G and Others Represented
in Newark Delegation.

Newark was well represented by the soldier citizens and citizens generally of Newark at the unveiling of the Sheridan monument at Somerset on Thursday. Company G of the Fourth regiment, O. N. G., under command of Lieutenants Henry and Myers, together with a large number of the members of Lemert Post, No. 71, G. A. R., and members of the Ladies' Relief Corps, went down. Delegations of old soldiers and their friends from all the surrounding country came in at an early hour and went down on the soldier train. The Spanish War Veterans also sent down a big delegation, about 300 being in the entire party. The train was scheduled to leave at 7:50 o'clock, but owing to a slight mishap on the Pan Handle, it did not leave until 8:45.

The G. A. R. veterans were escorted to the depot from Memorial Hall to Somerset by the Veteran drum corps.

The train was made up of 12 coaches drawn by two engines, while returning there will be two trains, one leaving Somerset as a special at 4 o'clock, and the regular train at 5 o'clock.

A large number of citizens went down on the regular afternoon train, and will return on the regular evening train.

Meyer & Lindorf

MT. VERNON STORE

New Building of Meyer, Lindorf & Trigg is Almost Ready for Occupancy.

Mt. Vernon, O., Nov. 2.—The exterior work on the Glass block, the new home of Meyer, Lindorf & Trigg, on South Main street, is rapidly assuming completion, and in a few days the building will be ready for occupancy.

It is the handsomest and most commodious business house in Mt. Vernon and will give the firm the amount of "working space" they have so long sought. The firm will have 13,000 square feet of floor space.

This firm has three stores, one here, one in Newark, and one in Clinton, Ia.

TWO ARE CRUSHED

Shocking Tragedy Comes as the Climax to a Long Series of Accidents.

Mt. Vernon, O., Nov. 2.—Mrs. Mary E. Motz, wife of one of the most prominent citizens of Knox county, was killed near Danville yesterday afternoon by being struck by a falling tree. Her son was mortally injured.

Mrs. Motz, with her son Clifford, aged 16, was on her way home in a buggy and just as they reached a turn in the road a large gum tree that was being hewed down, fell and struck the buggy. Nearly every bone in Mrs. Motz's body was crushed, and she died instantly. The left side of Clifford was badly crushed and although still living, attending physicians have no hope of saving his life.

Although the road was heavily traveled the men who were cutting the tree posted no guards, it is said.

The Motz family has been pursued by a strange fate. A 12 year old son was accidentally shot and killed eight years ago. A short time later the mother was shot in the knee. Following this accident she fell out of a peach tree and had three ribs and a collar bone broken. Two years ago Clifford was injured in a runaway accident and badly crippled. Fourteen years ago a daughter was killed by swallowing the broken glass tube of a nursing bottle.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at Hall's drug store.
